

FIELD SERVICE RATES
January 8, 2021 - Revision 12 - NAH

Carman Industries, Inc. maintains a complete Service Department. We will provide Field Service Representative(s) to inspect Carman equipment, recommend maintenance and operational procedures and oversee required repairs, if necessary. The rates and charges for these services are listed herein.

The Field Service Representative(s) will be utilized in an advisory capacity, or if required, perform the mechanical work. Carman Industries will not be liable for damages to equipment, loss of time or product, production rates or additional workmen, if required. The Buyer will be directly responsible for planning and supervising any workmen assigned to assist our Field Representative. The Field Service Representative(s) will not be responsible for the progress or cost of the work.

Service on auxiliary equipment, supplied but not manufactured by Carman Industries, is offered at the standard rates listed below.
